Section 3. Hazards identification

Physical state: Liquid. [Liquid.]
Emergency overview: CAUTION!
MAY CAUSE EYE IRRITATION.
Avoid contact with eyes.

Routes of entry: Skin contact, Eye contact, Inhalation, Ingestion

Potential acute health effects:
- Eyes: Slightly irritating to the eyes.
- Skin: No known significant effects or critical hazards.
- Inhalation: No known significant effects or critical hazards.
- Ingestion: No known significant effects or critical hazards.

See toxicological information (section 11)

Section 4. First-aid measures

Eye contact: In case of contact, immediately flush eyes with cool running water. Remove contact lenses and continue flushing with plenty of water for at least 15 minutes. Get medical attention if irritation occurs.

Skin Contact: Get medical attention if symptoms appear. Wash clothing before reuse.

Inhalation: If inhaled, remove to fresh air.

Ingestion: Do not induce vomiting. Never give anything by mouth to an unconscious person. If irritation persists, get medical attention.

Section 5. Fire-fighting measures

Auto-ignition temperature: Not available.
Flash point: > 100°C
Flammable limits:
  - Upper: Not available.
  - Lower: Not available.
Products of combustion: Not available.
Fire-fighting media and instructions: Use an extinguishing agent suitable for the surrounding fire.
Special protective equipment for fire-fighters

- Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Risk of explosion of the product in the presence of mechanical impact: Not available.
Risk of explosion of the product in the presence of static discharge: Not available.

Section 6. Accidental release measures

**Personal Precautions**: Ventilate area of leak or spill. Do not touch damaged containers or spilled material unless wearing appropriate protective equipment (Section 8). Stop leak if without risk. Do not allow to enter drains or watercourses.

**Environmental precautions**: Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

**Methods for cleaning up**: If emergency personnel are unavailable, contain spilt material. For small spills, add absorbent (soil may be used in the absence of other suitable materials), scoop up material and place in a sealable, liquid-proof container for disposal. For large spills, dyke spilt material or otherwise contain material to ensure runoff does not reach a waterway. Place spilt material in an appropriate container for disposal.

Section 7. Handling and storage

**Handling**: Wash thoroughly after handling.
**Storage**: Keep out of the reach of children. Keep container tightly closed. Keep container in a cool, well-ventilated area. Do not store below the following temperature: 0°C

Section 8. Exposure controls, personal protection

**Engineering measures**: Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

**Personal protection**:
- **Eyes**: No protective equipment is needed under normal use conditions.
- **Hands**: No protective equipment is needed under normal use conditions.
- **Skin**: No protective equipment is needed under normal use conditions.
- **Respiratory**: A respirator is not needed under normal and intended conditions of product use.

**Exposure limits**
- **octadecanoic acid, 2-hydroxyethyl ester**: ACGIH TLV (United States, 1/2006). TWA: 10 mg/m³ 8 hour(s).

Section 9. Physical and chemical properties

**Physical state**: Liquid. [Liquid.]
**Colour**: Blue.
**Odour**: Sweetish.
**pH**: 7.05 [Conc. (% w/w): 100%]
**Boiling/condensation point**: Not available.
**Melting/freezing point**: Not available.
**Specific gravity**: 0.982
**Vapour pressure**: Not available.
**Vapour density**: Not available.
**Odour threshold**: Not available.
**Evaporation rate**: Not available.
**LogK<sub>ow</sub>**: Not available.
Section 10. Stability and reactivity

Stability: The product is stable.
Conditions of instability: Not available.
Reactivity: Not available.
Hazardous Decomposition Products: Not available.

Section 11. Toxicological information

Potential acute health effects
- Eyes: Slightly irritating to the eyes.
- Skin: No known significant effects or critical hazards.
- Inhalation: No known significant effects or critical hazards.
- Ingestion: No known significant effects or critical hazards.
- Irritancy of Product: Hazardous by WHMIS criteria.

Potential chronic health effects
- Carcinogenic effects: No known significant effects or critical hazards.
- Mutagenic effects: No known significant effects or critical hazards.
- Teratogenic effects: No known significant effects or critical hazards.
- Reproductive effects: No known significant effects or critical hazards
- Sensitization to Product: No known significant effects or critical hazards.
- Synergistic products (toxicologically): Not available.

Toxicity data
- Not available.

Target organs: Not available.

Section 12. Ecological information

Ecotoxicity
- Ingredient name: Not available.

Section 13. Disposal considerations

Waste disposal: The generation of waste should be avoided or minimised wherever possible. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

Consult your local or regional authorities.

Section 14. Transport information

APPLIES ONLY DURING ROAD TRANSPORT
Any variation of the shipping description based on the packaging is not addressed.
Section 15. Regulatory information

WHMIS : Not a WHMIS controlled material, Notified cosmetic under Food & Drugs Act

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the MSDS contains all the information required by the Controlled Products Regulations.
